

This colouring book belongs to:

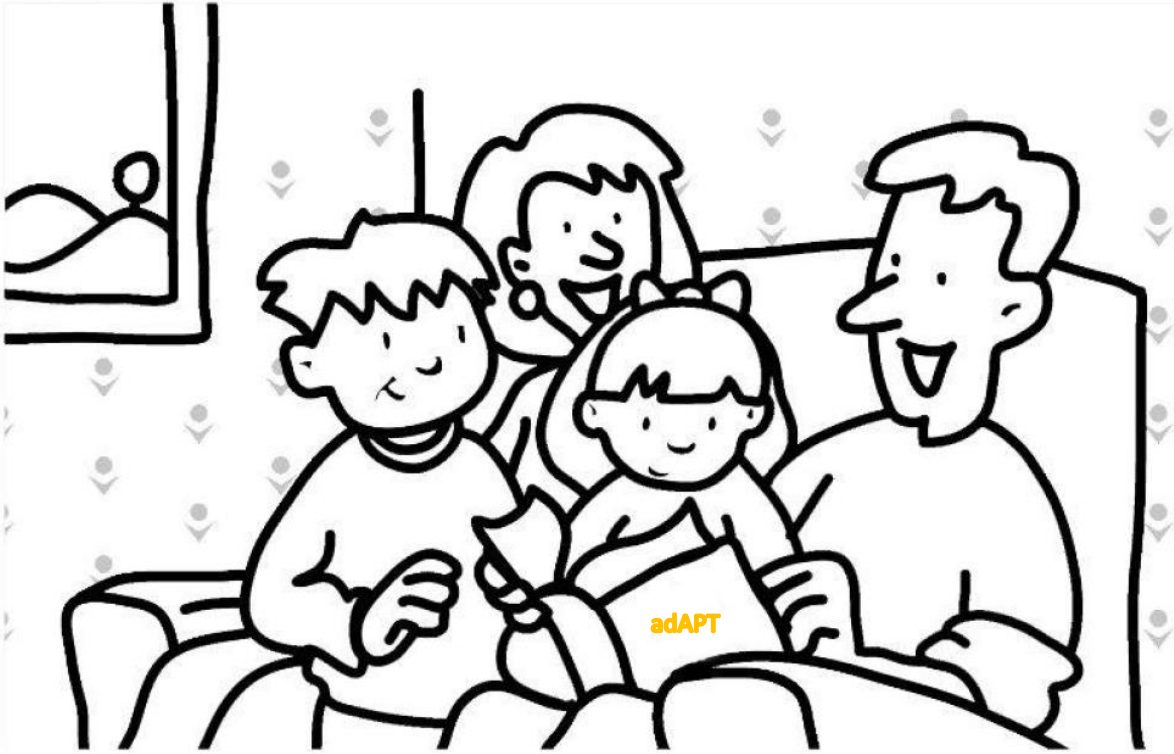

adAPT autoimmune diabetes
ACCELERATOR PREVENTION TRIAL

Hello, my name is adAPT,
a big friendly cat.

We would like you to help us
solve a puzzle.

You will visit us at the
hospital

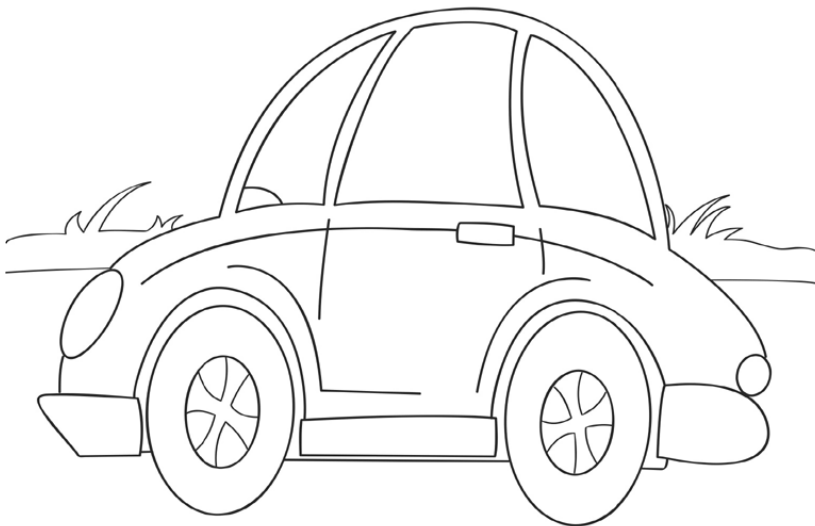

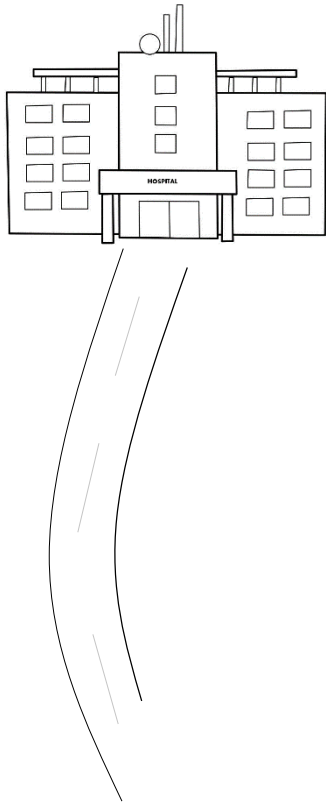

Ask Mum or Dad to help you read this.

Can you colour in their clothes?

At the hospital you will meet the doctors and nurses.

Mum or Dad will stay with you.

Can you colour in the bus and car?

Your Nurse will tell you about the puzzle she is trying to solve.

If you want to help, she will take a tiny blood sample.

Don't worry, the Nurse will use a magic cream or a spray so that it won't be sore, just a little scratch.

Time to go home

adAPT has lost 5 of his cat friends in the playroom.

Can you help him find them?
